

“The key to our success is the quality of our teachers. This is an amazing staff and they work incredibly hard to ensure that every child is successful and growing both academically as well as socially. It’s a real privilege to work with such caring and committed educators.”

– Scott Cartland, Principal

### Rediscover a Nurturing Environment at Wheatley Education Campus

Wheatley Education Campus is a school with caring teachers and staff that believe every child is a reader. Each classroom has its own library of books which assist teachers with **engaging literacy instruction**.

### New Approach, New Facilities

Next school year, Wheatley will move into a **fully modernized building** with state-of-the-art technology and facilities. This includes a new gym, computer lab, mobile laptop lab, and wireless computer access to the Internet in every room.

**“I like it here because my teachers push me in a good way and it makes me feel intelligent.”**

– Callie Mason, 5th Grade

### A World-Class Education Starts Here

- **100%** of Wheatley teachers are state-certified.
- Wheatley has implemented the **Balanced Literacy Initiative**, which includes libraries in every class.
- Beginning in the 2009-2010 school year, Wheatley will offer **accelerated classes** including algebra to middle school students in order to prepare them for competitive high school programs.
- Wheatley is part of the **DC Collaborative for Change**, a network of ten schools that are working together to create schools that nurture and support students in order to increase academic achievement and personal growth.

### Compassion is Part of Our Education

**The mental health and well-being of students** is important at Wheatley Education Campus. The wellness staff consists of one full-time social worker, two part-time social workers, a part-time psychologist, and a full-time social worker from the Department of Mental Health.

### The Classroom is Just the Beginning

Wheatley believes that students **learn both in and out of the classroom** and therefore provides many different programs and partnerships.

- Wheatley has **many free aftercare options**, including tutoring, homework help, dance, music lessons, a step team, Boy Scouts, ASAP (a club for boys), and a writers club.
- **Partnerships** include Trinidad Falcons, Lillian S. Jones Foundation, Experience Corps, Foster Grandparents, and DC Collaborative for Change.

**“DCPS has received significant resources over the last two years, enabling us to improve the quality of each and every school. You will find modernized facilities, committed teachers, and comprehensive course offerings, including music, art and technology. With many excellent schools to choose from, we encourage all families to seriously consider DCPS as a good option for their children.”**

– Chancellor Michelle Rhee
